

A white wooden folding desk is shown in a home office setting. On the desk, there is a silver laptop on a stand, a white keyboard, a white mouse, a white desk lamp, a pen holder with pens and pencils, a notebook, and a small stack of sticky notes. The desk is positioned against a dark grey wall. To the left, a white bookshelf is filled with various books. The floor is made of light-colored wood. The overall scene is well-lit, with natural light coming from the left.

## wooden folding homeworker

The correct desk set up helps reduce health issues such as fatigue, backache, wrist and neck pain. By reducing or removing these issues users are more productive. The Flexiform Wooden Folding Desk for Homeworkers is a modern panel design desk providing a comfortable ergonomic set-up to any remote working staff member.

This high quality desk requires no self assembly so no need for tools and complicated instructions to follow. When it arrives it quite literally takes just a few seconds to get it ready for use thanks to the clever fold up design. Once the working day is over or you need space back, you simply fold down the table and stow it away. Add in an optional chair, monitor stand and laptop stand for the perfect home working set up.
