Hoop planters with optional low storage cupboard.

HO 07

HO 08

Delivery

This range is delivered pre-assembled by the Flexiform installation team, wrapped for protection.

Product Warranty

10 years subject to our standard T&C's. See the Flexiform Standard Warranty document for more information.

Dimensions

Height: 1897mm

Widths: 1200mm

Depths: 582mm

Panel Thickness: 120mm

Features

Type: Mobile planter

Designs: 2 designs, a 4-tiered mobile planter, and a 2-tiered mobile planter with low storage cupboard.

Frame: Heavy gauge mild steel sheet and tube frame with various panel inserts.

Troughs: 2 or 4 planter troughs, each with 5 pot positions. Troughs include a top cover with 5 x 100mm diameter holes which can be removed if desired. Waterproof liners are included. Troughs are suitable for direct planting with compost inserted into the trough, or placed in pots.

Plant Capacity: A 4-tiered mobile planter has a maximum plant capacity of 20 when utilising the trough cover. A 2-tiered mobile planter with a low storage cupboard has a maximum plant capacity of 10 when utilising the trough cover. The trough cover can be removed to increase capacity.

Feet: Crossbar with 4 locking castors for stability.

Handle: Brown leather handles on both sides of the frame.

MFC: 12mm MFC cupboard accessible from one side. Non-locking with push-to-open double doors. 400mm deep cupboard (external).
